

A SIMPLIFIED CONTENT SERVICES PLATFORM

Constituo Content makes it easier than ever to manage business processes across your entire campus:

- **Admissions**
- **Financial Aid**
- **Registrar**
- **Student Services**
- **Human Resources**
- **Business Office**

It is time to eliminate paper-intensive processes by automating rules-based approvals through customized routing, approvals, and escalation.

Constituo Content is the only content services platform built just for higher ed, from the company you trust to create seamless integrations across campus functions.

**Build workflows
based on your
processes.**

Sample use cases:

- Process and automate financial aid requests
- Approve invoicing for accounts payable processing
- Reinforce record retention efforts
- Route submissions for changes to student meal plans and class assignments

Simplify

processes within teams and across campus departments

Sync

content services with your core systems, including CRM, SIS, ERP, etc.

Secure

your content with centralized permissions and workflows from a trusted platform
